

2003 World Cruise

CRYSTAL SYMPHONY

WONDERS OF THE SOUTHERN SEAS

Monday, February 10, 2003

Greetings Antarctica and Australia Adventurers,

Our much anticipated visits to Buenos Aires and Montevideo have now come and gone....and didn't we experience contrasts? We moved from a big cosmopolitan city to the unexpected and thoroughly enjoyable visit to a working ranch in Uruguay. I doubt that we are soon to forget the day we spent with the Artajaveytia family at the *Estancia La Rábida*. They could not have planned a better day for us. A heartfelt thank you goes to this family, but also to Craig Laforest, our Director of Land Programs at Crystal Cruises. It was due to his research that this event was placed on our World Cruise schedule, especially for you.

For you Four-A's, on future formal evenings when the Captain is either welcoming new guests to the ship or saying his farewells at his Cocktail Receptions, we will have the side entrance door open to the Starlite Club for entering and departing. While you are more than welcome to go through the line to meet the Captain at each function, you now have an option. We do want you to come and enjoy these formal evenings, thus Captain Glenn suggested we officially open the side door for your convenience.

For those of you patiently awaiting your World Cruise polo shirts, I've been advised that the shirts will arrive in Valparaíso. The Crystal office had planned on sending them to us in Buenos Aires. However, Argentine Customs created some snafus, thus the decision was made to send them to Valparaíso instead. I am again sorry that you have had to wait for these mementos of your cruise.

Don't forget to take a look at the photos in the Photo Shop of our day at *La Rábida*.

Before signing off.....

See if you can remember and define the following mnemonic devices:

- a) Every good boy deserves fudge
- b) King Philip came over from Germany somehow
- c) Roy G. Biv

Wishing you a restful and peaceful night,

Rosemary Barnhart
2003 World Cruise Hostess

Answers to the last newsletter, 07.Feb.2003:

More of, what thing connects the following points:

- a) The Battery and Yonkers - *Broadway*
- b) San Antonio and Abilene - *The Chisholm Trail*
- c) The Gulf of California and Cape Mendocino - *The San Andreas Fault*
