

2003 World Cruise

CRYSTAL SYMPHONY
WONDERS OF THE SOUTHERN SEAS

Wednesday, February 12, 2003

Greetings Antarctica and Australia Adventurers,

After this interesting day in Port Stanley I think we're already getting a little feel for our adventure to Antarctica. The nip in the air is invigorating after the hot and humid days around the Equator. And the drastic change of scenery makes one appreciative of being able to return to beautiful Crystal Symphony at day's end.

The big day we had at La Rábida was the major event planned for you Four-A's this segment of the 2003 World Cruise. But let me mention two others, as you may wish to place them on your busy social calendars. One will be a Goulash Soup and Beer get-together on Saturday, February 15, from 4:00pm to 5:00pm. You will be advised of the place. This is an Antarctic cruising day. The second get-together will be Thursday, February 20, from 10:45am to 11:30am. We have planned a World Cruise *Fruhschoppen* while we cruise through the Chilean Fjords. There will be invitations sent to your staterooms for each of these events.

Some of you may know that two of our Four-A's, Bernadine and Dick Berger, departed the ship in Buenos Aires due to Bernardine's health. They returned home to Palm Springs, California, where she is on the mend. Lara and I have prepared a get-well card should any of you wish to sign. It will be at Lara's desk and I refer you to *Reflections* for Lara's desk hours.

We will send off your good wishes to Bernardine at a future port.

Before signing off.....

Remembering there are no small roles, in what 2 films did the following minor characters play major roles:

- a) Sasha, Ferrari, Ugarti, and Renault
- b) Howard Johnson, Mungo, Taggart, and Hedley LaMarr

Wishing you a restful and peaceful night,

Rosemary Barnhart
2003 World Cruise Hostess

Answers to the last newsletter, 10.Feb.2003:

See if you can remember and define the following mnemonic devices:

- a) Every good boy deserves fudge – *the notes/lines on a musical staff-treble clef*
- b) King Philip came over from Germany somehow – *the scientific classifications in botany and zoology-Kingdom, Phylum, Class, Order, Family, Genus Species*
- c) Roy G. Biv – *the colors in the spectrum-red, orange, yellow, green, blue, indigo, violet*
