

# 2003 World Cruise

CRYSTAL SYMPHONY  
WONDERS OF THE SOUTHERN SEAS

Thursday, March 06, 2003

Greetings Antarctica and Australia Adventurers,

Olympic Team Luxembourg, comprised of numerous Four-A's, holds the early lead in the 2003 Crystal Olympics. We think this is a result of great recruiting efforts by team leaders for some of the best athletes on board. This is the smallest country represented in our Olympics, but its team is far from small in their spirit and enthusiasm for participation in the games.

Should you not be able to attend the 5:30pm Medal Ceremony each day in the Olympic Victory Park (aka Crystal Plaza), you can catch a recorded live update the following morning on the *Good Morning TV Show*. Assistant Cruise Director, Niklas, also handling the role as Chairman of the Olympic Games, provides the names of the Gold, Silver and Bronze winners from the previous day's events.

For even you non-participants in the games, the 5:30pm evening Medal Ceremony is most impressive. Our three famous Olympians on board, Pat McCormick, Donna de Verona, and the invincible Lou Zamparini are there to assist in each day's ceremony. Captain Glenn and Cruise Director Paul present the awards with Niklas presiding. Abigail and Lara are there to hand out the awards and floral bouquets. It is a grand "Kodak moment" and great opportunity for you to honor a fellow table-mate, bridge partner, or new cruise friend that is participating in the games.

More about the games tomorrow, with the names of our Four-A's matched with their earned awards.

Before signing off...

Can you trace the origins of the following?

- a) Sour grapes
- b) Your name is mud
- c) Evesdropping

Wishing you a restful and peaceful night,

Rosemary Barnhart  
2003 World Cruise Hostess

Answers to the last newsletter, 05 Mar.2003.

What am I doing if I:

- a) Check for hair in the gate? – *Loading film in a film camera*
- b) Lepidoptera, dorsal, mammary and liberty? – *Swimming the individual medley: butterfly, back, breast and free.*
- c) Execute a Cuban eight? – *an aeronautical maneuver – a figure 8 in a flat horizontal plane.*
